Our Dear Readers!

Praise be to Allah that after the attack of the idols (Tağut is the name of an idol in pre-Islamic era) upon the Muslims for a long time, the almighty and glorious Allah has given the Muslims their dignity by bestowing upon them an Islamic State in which they can live their religion.

Peace be upon Allah a thousand times that he has granted us the opportunity of translating the Islamic State's publications into Turkish.

Public of Turkey and especially the Muslims were deprived of the majority of the tens of news, articles and videos coming out of the Islamic State. In a very limited way, some media sources were sharing these with the Muslims and translating them.

As El-Hayat Media, we've created the Turkish desk within our organization to translate all the publications coming from the Islamic State into Turkish language and decided to issue a monthly magazine intended for Turkish speakers only.

With Allah's permission, we are going to try to translate all publications from the Islamic State to the best of our ability and thereby try to meet the need in this particular area. The translations will not be limited to the new publications; in fact we will translate all the articles, sermons and videos exhibiting the doctrinal, open path and jihadist styles to help you get to know the Islamic state better. (With Allah's permission)

We will touch bases with the matters that the Muslims in Turkey are curious about the Islamic State. We will not give the opportunity to misrepresent the Islamic State to those who are suspicious and innovators (*bid'ah is any type of innovation). We will respond to their doubts, and will not give any room for them to slander the Islamic State. (With Allah's permission)

We will touch on many scientific and political issues, inform our public on religious faith, Islamic law, political and open path topics; we will also make every effort to introduce the doctrines and procedures of those who received Allah's favor (*Salafi Sahih). (With Allah's permission)

We tried to keep our articles especially short to not to bore our readers. The articles which we think are not satisfactory as far as the amount of information it provides, we will present them as a series to you and to preserve our sensitivity on that topic.

In this issue, we tried to explain the concept of apostate, a topic which has been asked to us numerous times and in which a lot of brothers have lost their footing due to lack of information and we examined the term apostate which the Islamic State's been accused with deferring (*mürchie means deferring the punishment & leaving the final verdict to Allah), thereby tried to briefly explain how the Islamic scholars understood and used this concept.

We wish that our Lord to give us success in this regard. And we wish from our Lord who has bestowed upon the Islamic State kilometers long area through wars and weapons to open the doors of Istanbul whose name we have given to this magazine without war and bloodshed. O Lord, grant us the conquest of Istanbul the Prophet of Allah has mentioned. O Allah Amen...

CONQUEST OF ISTANBUL

Praise be to Allah who honored the believers and made the unbelievers into servile. God's mercy and blessings be up the messenger of Allah who is the leader of the mujahedeen.

Glorious and almighty Allah has given his help, equanimity to his servants who believe in him without polytheism as well as the good news to those who are living the religion he consented.

Allah, has promised those who have believed among you and done righteous deeds that He will surely grant them succession [to authority] upon the earth just as He granted it to those before them and that He will surely establish for them [therein] their religion which He has preferred for them and that He will surely substitute for them, after their fear, security, [for] they worship Me, not associating anything with Me. But whoever disbelieves after that – then those are defiantly disobedient. (Surah An-Nur, Verse 55)

Glorious and almighty Allah tested this Muslim nation. This Islamic nation did not leave patience and efforts in this test. It has stayed away from the polytheism and polytheists. It has confronted the repression and tortures by the idols.

It did not dread or give up. It has given thousands of martyrs but it has not lost its determination on this path and thereby deserved Allah's help. Allah the exonerated and almighty has given them success on earth. He made them the ruler on earth. He turned their fears into confidence. He has bestowed a prophethood salvation caliphate and government. As long as this Muslim nation lives in the belief that there's no God but Allah and stays away from polytheism, does good deeds and stays away from sins, the glorious and almighty Allah will grant victory and conquests. Because these victories and conquests are a promise of Allah and the glorious and almighty Allah is the most faithful to his word.

In fact this path is Allah's path. Those who came before us endured the same tribulations. Because of their patience, the glorious and almighty Allah bestowed them with victories and conquests. The glorious and almighty Allah even tested his own prophets like this and as a result bestowed upon them great conquests.

Prophet of Allah, peace be upon him, was heralding good news at a time when the enemies surrounded all around them, where they had to tie a stone to their stomachs due to hunger and dug trenches to not to encounter the enemy, he was promising unimaginable victories to the companions (of Prophet Muhammad). Because, the prophet of Allah knew his path in this matter and he believed in it. Indeed the prophet of Allah told the truth and the conquests took place.

The prophet of Allah who promised this has also heralded us with the news that Istanbul would also be conquered in the same manner. Istanbul has been conquered before but the conquest mentioned in this herald has not occurred yet. In fact, this conquest would occur near the doomsday, and she will be conquered without war and along with the praises of Allahu Akbar.

According to Abu Hurairah R.A., Prophet of Allah (peace be upon him) said this:

«The doomsday will not occur until Romans come down to Amaq or Dabiq. They will be met by an army from Medina consisted of the best people of earth. When the soldiers form ranks;

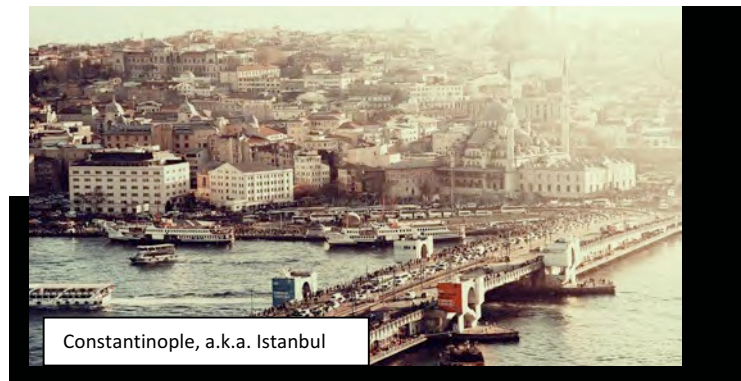

Romans will say: Do not stand between us and those who took prisoners from among us. Let us fight them.

The Muslims will say: "Nay, by Allah, we shall never turn aside from you and from our brethren so that you may fight them", and;

They will then fight and a third (part) of the army, whom Allah will never forgive, will run away. A third part of the army which will be constituted of excellent martyrs in Allah's eyes would be killed.

The third who will never be put on trial will win who will become the conquerors.

Subsequently Istanbul will be conquered. As they are busy in distributing the spoils of war amongst themselves after hanging their swords by the olive trees Satan will cry: The Dajjal has taken your place among your families. The Muslims then will come out of Istanbul. But the word of Satan was a lie. When they reach Damascus, Dajjal will really come out while the Muslims are still preparing for battle, drawing up the ranks. Certainly the time of prayer will come and then Jesus peace be upon him, son of Mary descends and will lead them in prayer. When the enemy of Allah, Dajjal sees him, it will disappear just as salt dissolves in water and if Jesus were not to confront them at all, even then it would dissolve completely. Allah would kill Dajjal by his hands and he will show them their blood on Jesus' (peace be upon him) lance to them. (Muslim Book no: 9 Hadith 3333)

Amaq and Dabiq are the names of two places in Aleppo near Damascus.

Abu Huraira reported Allah's Apostle (may peace be upon him) saying:

"Have you heard of a city one side of which is land the other is in the sea (that city is Istanbul.)

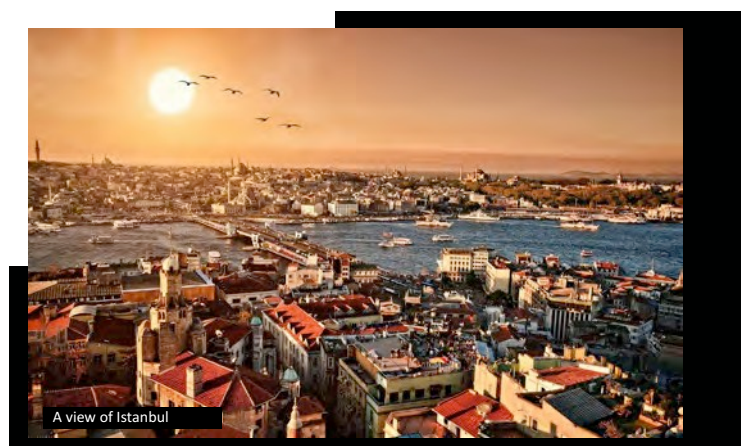

His companions said:

"Yes, O Messenger of Allah!" Thereupon he said:

"The last hour would not come unless seventy thousand persons from Bani Ishaq would attack it. When they would land there, they will neither fight with weapons nor would shower arrows but would only say:

"There is no god but Allah and Allah is the Greatest" and one side of it would fall."

Thaur (one of the narrators) said: "I think that he said: The part by the side of the ocean will fall. Then they would say for the second time: "There's no god but Allah and Allah is the Greatest" and the second side would also fall.

Then for a third time they would say "There is no god but Allah and Allah is the Greatest" and the gates would be opened for them and they would enter therein and they would be collecting the spoils of war and distributing them amongst themselves when a noise would be heard saying: Verily, Dajjal has come. And thus they would leave everything there and go back." (Muslim book 18, Hadith no: 2920)

"... according to the narration of Amro bin Awf (may Allah be pleased with him), the Prophet of Allah (Peace be upon him) said this:

The hour of Resurrection will not come until the nearest enemy watching outposts of the Muslims will be in Bawla. The Prophet (peace be upon him) said:

O Ali, O Ali, O Ali. Ali (may Allah be pleased with him) replied:

"May my mother and father be sacrificed for you, O Prophet of Allah."

Prophet of Allah (peace be upon him) said:

"You will fight Bani Al-Asfar (Romans) and those who come after you will fight them, until the best people among the Muslim, the people of Al-Hijaz (western region of Saudi Arabia that includes Mecca, Medina and Jeddah) will go out to fight them, fearing nothing but Allah. They will conquer Constantinople by chanting tasbih (Subhan Allah, meaning 'praise and glory to Allah') and Takbir (Allahu Akbar, meaning "God is Great") and they will obtain booty the likes of which has never been seen – and they will share it out by scooping it with their shields. Someone will come and say (to the Muslims), "the Dajjal has appeared in your lands", but it is a lie. Anyone who believes it will regret it and anyone who ignores it will regret it." (Sunan ibn Majah Volume 2 page 1370 hadith no: 4094)

As can be understood from these hadiths, the city called Constantinople with its former name and Istanbul with its modern name will be conquered without weapons and bloodshed but chanting tasbih and Takbir. The khalifa army that has been established near the time of the Doomsday will conquer these places with the permission of Allah.

Yes, the false gods conquered the Islamic lands and spread the haram (forbidden) and forced people to disbelief. We have been prisoners in our own country, unable to voice our beliefs. Koranic statues have been revoked and they're replaced with desire and aspiration based provisions. We have been exiled from our own country just for wanting the religion of our Lord. They could not tolerate us, they didn't allow us to open our eyes, and said that sharia is forbidden in this country and the followers of sharia can't live in this country.

Thousands of us were killed, thousands of us were tortured and just as many have been imprisoned. They didn't want those who were cleaned off of prostitution, interest, gambling and alcohol. And they drove us out of our countries.

And the answer of his people was only that they said: "Driven them (Lot and his followers) out of your town, these are indeed men who want to be pure (from sins)! Then We saved him and his family, except his wife; she was of those infidels who remained behind (in the torment) And we rained down on them a rain (of stones). Then see what was the end of the Mujrimun (criminals, polytheists, sinners, etc.). (Al-A'raf 82-83-84)

As there is an end to each persecution, your end is getting closer as well. Our greatest desire from our Lord is that to be able to punish those who do us wrong with our own hands.

We wish from our Almighty Lord to grant us the conquest of Istanbul and other places and to give us the good tidings about this matter and we are continuing our fortification along the frontier of the Muslim conquest (*see, Ribat).

O Istanbul!

***You did not shelter the almohades within you
You allowed us to be treated like the orphans
We knew that you didn't acquiesce to this persecution
We felt your suffering in your silence***

O Istanbul!

***You consented infidelity in your streets
You filled your boulevards with the illicit (haram)
Whatever happened to you in such a short time
You surrendered yourself to those who are
despotic, cruel and infidels***

O Istanbul!

***Roar, shout, get up already, enough of this silence Don't
shelter the cruel in your bosom, end this treachery,
Open your bosom to your own children that you once
driven out
Good tidings that's been promised to you is close
by***

O Istanbul!

***You will surely be conquered
You'll bow to the voices of takbir
Even if you stay under the conquest of false
gods for a century
You will surely attain your freedom***

DEMOCRACY IS BURNING

Praise be to Allah, the Lord of the Worlds. Blessings and greetings to the leader of the mujahedeen and those who are subject to him in this path.

The false gods of every century, make up avant-garde theories appropriate with the century to exploit and enslave people thereby their desires dominate life. Priests and wizards of a period, imposter religious figures of another era, tribal chiefs of a different period, periods wealthy and nobles' reign, a different period's kings and warlords, another era's communists and socialists and in our century, it is the democrats who are satisfying their desires cloaked in the guise of democracy and freedom.

Democracy is a religion and the Muslims can enter into another religion only by leaving their own religion. Those who accepted the democracy have denounced Islam and has created a partner to Allah within Allah's religion. They have turned away from Allah who has chosen a religion for them and changed the rules they disliked within this religion and turned to another religion, becoming a part of an idolatrous religion.

Then do you believe in a part of the Scripture and reject the rest?

Then what is the recompense of those who do so among you, except disgrace in the life of this world and on the Day of Resurrection they shall be consigned to the most grievous torment Allah is not unaware of what you do. (Surah Baqarah Verse 85)

The democrats who defend insistently that a person can both be a Muslim and a democrat, without making any concessions from democracy, they leave the public ignorant of Islamic rules that don't overlap with democracy or interpret these rules according to their own desires and bring those theories to life.

According to them, a Muslim must compromise some of the rules of his religion that doesn't overlap with democracy and must enter into the religion of democracy. But a democrat never compromises from the rules of his religion that doesn't overlap with Islam. The democrats who while canceling many of the rules that aren't compatible with democracy in order to adapt the religion of Islam with democracy, he doesn't remove a single rule of democracy that doesn't comply with Islam.

Alcohol is forbidden in Islam and those who commits

this offense are punished by flogging but the democracy doesn't approach this in that manner. What about the punishment of the murderers, thieves, usurers, apostates, magicians or the treatment of the adulterers and thousands of other places, the democracy doesn't overlap with Islam. But they haven't given up on the insistence that a Muslim can also be a democrat.

When the glorious and Almighty Allah orders to "cut the hand of a stealing woman or man" in the Koranic verse, democrats punish the thieves with different methods. How can one combine two religions that punish the same crime differently? Of course you would have to compromise from one of them. While these (people) creating the polytheist religion, they always put their own benefit in the forefront, and what had been cancelled were the Islam's rules.

But democracy is completely incompatible with Islam. They are two different religions. No religion or ideology is compatible with Islam. No other adjective can be added next to the word Muslim. Democratic Muslim, communist Muslim, socialist Muslim, Jewish Muslim, Buddhist Muslim; none of these can exist. Even in theory, there are monumental differences between them.

None of the ideologies or systems such as democracy, communism, and socialism can be compatible with Islam. They are all different religions. One who accepts a religion would have left the other. The hyphenated names given to the two combined religions and living that is polytheism.

The religion of democracy is a religion put forth with lies and deception. Its name is government of people which aims to deceive the ignorant public with this name and freedom slogans. They say that the public is governing itself; as if the public wanted Sharia they would agree and consent to this. We swear by God that the public doesn't know their representatives and they don't consent to many of the applications. As each liar's lie will someday be evident, their pants started catching fire and their true faces started emerging.

These democrats, who keep harping on the words of freedom, have clearly forgotten this freedom for the Muslims. These liars who shout about freedom to every religion somehow aren't giving the Muslims any right to freedom.

They didn't give any right to freedom to Muslims.

No other system throughout history until today has shed as much blood as the number of people killed in the name of democracy. The mask is slowly falling off of these liars who won't stop talking about the freedom and equality, justice and rights discourses.

Godly scholars stand before the democrats who are trying to invite and convert the people to this false religion. These scholars started talking about their tricks and started putting out their fires. In order to silence them, the democracy killed some of them, tortured some others and threatened them to keep them quiet and some of them are still in prisons. Their only crime is to talk about the oneness of God and telling others that religion of Islam and others are incompatible.

As these inviters talk about their blasphemy, their plans fall into the water; the Muslims awaken day after day and lay claim to their own religion. They became aware that they've been lied to and started uprising against the idolaters. These almohades who awaken in groups in every country started emigrating here flooding with the establishment of the Islamic State. Those who are unable to live Islam in their own countries, now came to their real country: the Islamic State.

When the Islamic laws started being enforced within the Islamic State, these idolaters who adapted into the democracy and who have been unaware of many of the practices of the religion of Islam, started criticizing us, slandered us as they claimed that no such thing existed in the religion of Islam.

These polytheists are in such a state that they have completely forgotten the religion of Islam and have started believing in the idolatrous religion and have internalized that religion. Yes, these practices do exist in the religion of Islam and you have been living with the polytheists and became a part of the idolatrous religion, thus you've been unaware of the laws of the religion of Islam or when the idolaters have shown the sides of the religion you've known about as being hideous, you started approaching these rules of the religion of Islam with hatred.

O Pagans, the ranks are divided today; the liars and the truths are clear. Today is the day to reveal the side you take and the day to put forth what is inside you. You will either abandon the polytheist religion and turn to the real religion of Islam or consent to the state you're in and continue your polytheism.

Yes, with the establishment of the Islamic State, the democracy system ignited and entered into the collapse stage. The masks of these traitors who want to democratize the Muslims have been knocked off by the godly inviters. As a result of their fruitful efforts, the glorious and Almighty Allah bestowed the Islamic State. The Islamic State has started the biggest war against the democrats and the democracy, also succeeded in awakening the public living within its structure.

These liars who try to adapt the democracy system into all kinds of system will not be able to fool the Muslim with Allah's permission. They understood that the democracy is a system full of blasphemy and polytheism and started to move away from it. The Muslims have started a relentless fight against the democrats and the democracy.

Some of those democracy apostles and democracy servants who think of themselves as Muslims are still unable to make sense of the war we

have against them and they make different inferences in their own heads. Let all the democrats and the unbelievers know that we declared war on blasphemy and unbelievers, polytheism and polytheists.

Fight them until there's no more fitnah (Polytheism) and until worship is acknowledged to be for Allah.

(Surah Baqarah, Verse 193)

O democrats, don't forget the persecution you put the Muslims through for years; we will fight you until there isn't a single democrat on earth. You will either return to the religion of Allah or we will put you all through the sword.

THE **VERDICT** ON THE MEAT BROUGHT FROM TURKEY

Date: 7/21/2014

Fatwa no: 005

Question:

What is the verdict on the meat brought from Turkey?

Answer:

As narrated by Adiyah ibn Hatim R.A., the Prophet of Allah (peace be upon Him) said this:

"...if you were to shoot the game and found it one or two days later, and if there are no marks or wounds on the game other than yours, you can eat it. If you find the game in water, don't eat it" (Bukhari and Muslim)

According to another narration by Muslim "you won't know whether it was the water or your arrow that killed it"

Ibn Qudama (may Allah's mercy be on him) said:

"...when you are doubtful about the permissible games (hunted animals), follow the provisions of the forbidden (haram)." (Al-Mughni 13/18)

Again, he said: "...essential thing is avoidance. What is halal (permissible) is when someone possessing the canonical measures for slaughtering and hunting fulfills this requirement."

(Al-Mughni 13/18)

"There are suspicions in the slaughtering method of the meat brought from Turkey."

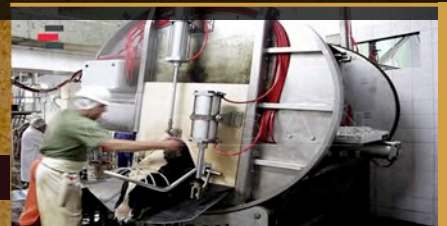

Firstly, it's not clear whether or not the butcher is qualified for this.

Secondly, (According to the information reached us) most of the people who do the butchering in Turkey are apostates.

Because of these reasons, until otherwise declared, these types of meats are principally declared to be haram (forbidden).

Imam Nawawi (may Allah's mercy be upon him) said: "there's a rule that's important in this hadith and that is: when you are in doubt of the way a halal animal slaughtered it becomes haram (forbidden) Because what is essential with the meats is its status of being forbidden and there's no conflict in that. (Sharh Sahih Muslim 13/116) Allah knows the best.

**ISLAMIC STATE
RESEARCH AND FATWA BOARD**

Sheikh Mujahid Abu Muhammad Al Adnani
al-Shami

“THEY KILL AND THEY GET KILLED”

In the name of Allah the merciful the benefactor

Praise is due to Allah who is strong and unshakable. Praise and greeting to the one sent with a sword as a blessing to the worlds.

And later:

Allah Almighty says: “So do not weaken and do not grieve and you will be superior if you are true believers.” (Ali Imran 139)

My Allah! O our Lord, you are our deity. You are one and have no partner. We believe in you and deny those other than you who are worshipped.

My Allah! O Lord, our strength is only with you. We only serve you and only ask your help, we take refuge in you and trust in you. There are no other deities other than you. You are the only one and have no partner. You are the Powerful one, You are the Glorious one, You are the one who can Endure, you are the Destroyer, you are the King. We are not going to weaken, fear, relax or worry because of your greatness and wrath. We fear your station and your threat that contains your greatness and wrath and You will help us as long as we continue like this. You will help us and all the stubborn tyrants will be disappointed.

O people!

Are you surprised at the victory of the Islamic State?

Or are you surprised at its resistance despite its weakness and desperation?

Are you surprised at the multitude of nations and enemies piling up on it?

We are not surprised!

We are not surprised because we know that it (this nation) is established rightfully. We know that Allah Almighty is certainly with us.

There is no other God but Allah. He is devoid of inadequate attributes.

He is enough for us and He is such a beautiful protector. He is devoid of inadequate attributes and there is no one who can turn His Grace down. There is none who can circumvent his judgement. He has absolute power and dominion over his servants. He is the Dominant, He is all knowing. He is our master and helper. What a beautiful master and what a beautiful helper He is.

Islamic State has been continuing on its path alone in a trench, steadily with prudent steps. In contrast to this, all the world's states from every religion and belief took place against her in this trench.

Their body language states this: "The fact is that this is a minority community. And of course they have a big rage against us. We, in the other hand are a vigilant society."

Everyone is asking while staring in astonishment and horror:

Is this within reason? Is a Caliphate being established right in the midst of our armies?

Despite our armies, shipyards, aircrafts, tanks, warships and weapons of destruction, are they ruling with Allah's sharia?

Despite our satellite channels, wizards, scientists, sheikhs and fatwahs, is the Islamic State enduring (will remain)?

This is impossible! This is a worry and it will surely go away! This is a nightmare and it will surely be over!

It's a nuisance and certainly will be eliminated!"

Never! Never, O enemies of Allah! The Khalifa will remain till the Day of Judgement by Allah's permission. We are the followers of Muhammad, peace be upon him. His followers never lose.

The ummah of Muhammad (p.b.u.h.) is still productive

By Allah, we are going to bring back Badr, Uhud, Mute, Hunayn! We are going to bring back Al-Qadisiyyah, Yarmouk, Yamama. We're going to bring back Hattin, Ain Jalut. We'll bring back Cevla' and Sagrajas, the second Sagrajas, Poitiers. We'll bring back first and the second Fallujah. We swear to Allah that Nahawand will come back. O Rafida Safavids, watch your necks!

If our ancestors fought the Greeks, Persians and the apostates in separate, different fronts, it is an honor for us to fight against them under a single command.

Rejoice O Muslims in all locations! The Caliphate State is in resistance with Allah's grace and blessing. Its structure is rising. Its power, its uncompromising status, fortitude are rising. Praise and gratitude due to Allah. (Islamic State) is still victorious. The victory claimed and exaggerated by the Crusaders and the heretics in their satellite channels are false and speculative victories (they gained), and are nothing other than some areas and villages they took back in the hit-and-run war.

For purposes of invitation and Jihad, followers of the Sunnah community pledged allegiance to the Islamic State

We are giving you the glad tiding of the expansion of the caliphate into West Africa. The Caliph (may Allah protect him), has accepted the allegiance of our brothers in the followers of Sunnah community for purposes of invitation and jihad.

We congratulate the Muslims and our brothers in West Africa for their allegiance, and we are celebrating them for joining in the caliphate procession.

REJOICE O MUSLIMS!

This is a door opened for you by Almighty Allah to migrate to the Islamic state and to wage jihad. When false gods are preventing you to travel to Iraq, Syria, Yemen, the Arabian Peninsula or Khorasan and for those of you where the travel to migrate to these locations is impossible, it is possible for you to emigrate to Africa.

Come to your State O Muslims! We are calling you, especially those who are inviters and students of science to jihad. We are inviting and encouraging you to emigrate to your brothers in West Africa.

Come on Muslims, come to the caliphate lands!

It is better for you to be a shepherd in Islamic land, than to be a lord who is obeyed in the land of "Blasphemy".

Oneness of Allah occurred here, friendship and enmity concretized here.

Jihad on the path of Allah is here! There's no polytheism here, no false gods, no nationalism, no polytheist democracy, no blasphemous secularism. There's no difference between an Arab and Persian, white or black. American and the Arab, African and the European, western with the eastern became brothers here.

Ordering goodness and preventing malice is here.

Sharia of Allah is prevailing here! With Allah's grace, religion is dominant here!

Shouting out tawhid is here! Islamic homeland is here! Caliphate lands are here!

O Jews and the Crusaders!

Sheikh Abu Muhammad Al-Adnani

You are too late and you won't catch those who run away.

We surprised you and caught you unawares. The Islamic State is established. The caliphate came back despite you. Praise and gratitude be to Allah.

Your pride and arrogance deceived you. With your overwhelming power and oppression, you thought you could prevent the coming of the caliphate forever. Just as you made fun of us when we first established the Islamic State, you made fun of us when we declared the caliphate. From the rejecters, to the apostates, to the co-conspirators (sahwa), to apostate supporters, to your servants, to your slaves, and your dogs (just like they did then), all mocked (us).

Despitefully, it has been established, continues, and resists with the grace of Allah, and will it continue, remain and expand, despite you with Allah's permission. You will not be able to stand against it with Allah's permission.

Because the religion of Islam is the religion of mercy, we will show you the good and invite you. Listen to our advice, and accept our invitation. Otherwise, your arrogance and pride will drag you to a point where your regrets will not benefit you.

O Jews!

O Crusaders!

If you wish to protect your blood, have plenty of money, and to live safe from our swords you have two choices without a third option before you:

Either surrender to Allah, accept him as your Lord and God without a partner believe in him and thus you're safe on earth and win in the hereafter, and Allah gives you your reward twice (this is our invitation and our advice to you) or after you leave Muhammad's (p.b.u.h) peninsula, remove your armies from Jerusalem and all of the Muslim lands, you will pay us jizyah (capitation) with your humiliated hands. The jizyah you will be paying us wouldn't even amount to one tenth of the one percent of the total amount of money you've spent to finance the war you've lost against us!

Save your money and remove our swords from your necks.

If however you choose the third option, insisting on your arrogance, pride and stubbornness, you will regret it with Allah's permission.

God willing, you will not be able to stop the progress of the Caliphate regardless of how many of you gathers, how many traps you set or whatever else you may do.

The nation of Prophet Muhammad (peace be upon him) is fertile (procreative).

Nothing will stand on its way as long as we hold on to our book and our prophet (p.b.u.h.), stick to the Sunnah, set up the jihad bazaar, sacrifice our children, lives and blood for the sake of Allah.

Remember O Jews!

Remember O Crusaders!

Our ummah finds life with blood.

We get stronger wherever our blood is shed and our strength increases. When you kill one among us, tens come alive with his blood.

O Jews!

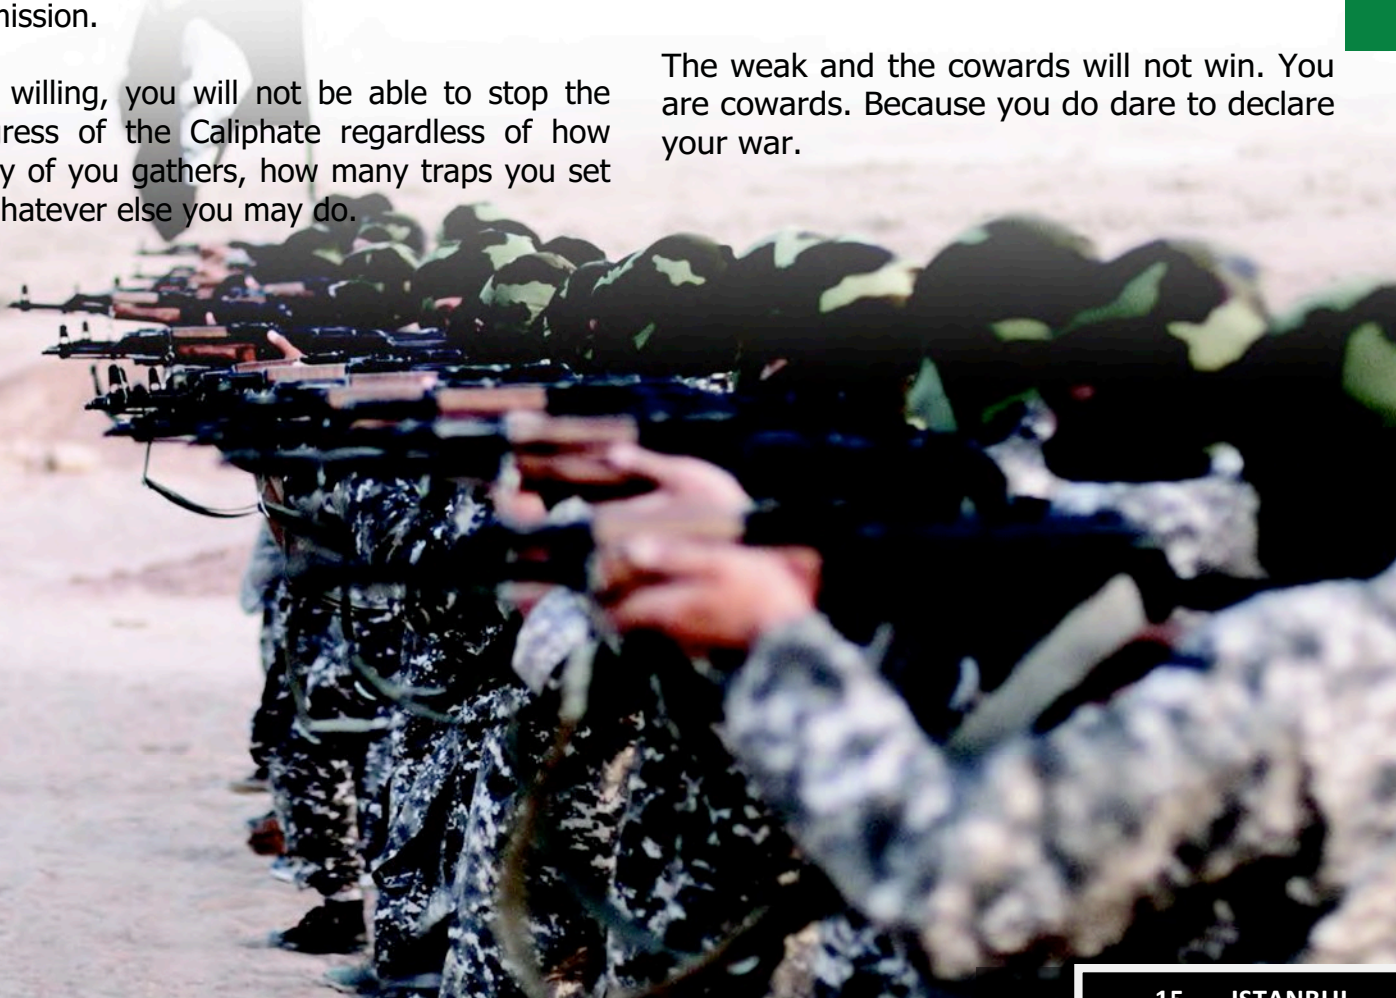

O Crusaders!

O Rejecters!

O Atheists!

You are weak and, coward; all of you are one armed fools.

The weak and the cowards will not win. You are cowards. Because you do dare to declare your war.

THIS IS A CRUSADE

And it is waged against Islam. It is a war against the followers of Sunnah. If you aren't declaring this, it's because you're weak. If you show your actual face and explain the reality of your war, the remainder of the Muslims will wake up from their sleep and will sober from their drunkenness. At that time, their generations will not be destroyed or their centuries will not pass with their children and women sold in the slave markets!

I wish my people knew!

O Jews!

O Crusaders!

You are face to face with a difficult balance and in a dark and long tunnel. When you think the solution is killing the Caliphate commanders and soldiers, the Muslims find life with the blood you kill. With it, fire of jihad burns and flames up.

Did you not understand that we don't care about death?

Don't you understand that we strive for (death) and hope for it?

Have you not heard what Haram bin Milhan (r.a.) said (Muslim Sahih related)? A man came up to Haram and after said Enes and pierced him: "I swear to the owner of Kaaba that I won."

Prophet of Allah (S.A.W) said this to his companions: "Your brothers are killed and they said this: My Allah, relay our news to our prophet. We've been reunited with you and are pleased with you, hope you were pleased with us."

Hasn't the prayer of Abdullah ibn Jahsh (r.a.) made on the day of Uhud reach you? However said this: "O Allah, let me meet an enemy of great standing and enormous fury. I shall fight him for your sake. O Lord, and he shall fight me. He shall take me and cut off my nose and ears and when I meet You on the morrow, You will say, "For what were your nose and ears cut off?" And I would reply "For Your sake and for the sake of Your Prophet." And then You would say, "You have spoken the truth..."

Saad continues the story: "I have finally seen him. His nose and here were hung."

Have you not heard the story of Umayr (r.a.)? He had dates in his hand and he was eating them. When he heard that the Prophet of Allah was encouraging for war and demand for Jihad, creating a desire for heaven he said: "O! O! Is there nothing else between me getting into heaven other than them killing me?"

Then he tossed the dates and fought until he fell as a martyr. Did you not hear the words of our Prophet peace be upon him saying, "I swear to Allah who holds Muhammed's breath, I wish to fight for the sake of Allah and get killed, fight again and get killed again, fight once more and get killed again"?!

Or don't you hear the utterance of our Lord: "And he who fights in the cause of Allah and is killed or achieves victory – We will bestow upon him a great reward." (Surah An-Nisa verse 74)

"Indeed, Allah has purchased from the believers their lives and their properties [in exchange] for that they will have Paradise. They fight in the cause of Allah, so they kill and are killed. [It is] a true promise [binding] upon Him in the Torah and the Gospel and the Qur'an. And who is truer to his covenant than Allah? So rejoice in your transaction which you have contracted. And it is that which is the great attainment." (Surah At-Tawba, Verse 111)

O Crusaders, don't you understand that there live amongst us thousands of Haram (r.a.), Abdullah (r.a.) and Umayr (r.a.) grandchildren?

Or don't you see the martyr convoys every day?

Don't you see how they go to death laughing, cheerful, that death runs away from them?

They on the other hand jump at it to catch it and race to achieve that (status). They are rewriting history and they say this with their blood:

**"Here's the scent of heaven!
Here's the jihad bazaar!
Here's the land of Islam! Here's
the land of the Caliphate!
Friendship and enmity are here!
Dignity is here!
Honor is here!**

**"There is no other place for
dignity and honor for Muslims
than here!"**

Can they be defeated?

By the Lord of Muhammed (p.b.u.h), never!

Jihad and the nation of martyrs will not be defeated!

They aren't dead. They're blessed with life.

We won O Crusaders and only by the grace of Allah, we brought back the caliphate. Straighten yourselves up before it's too late. Either enter into Islam before it's too late or pay jizyah. You still have a chance. We only won by the grace of Allah. We've prevailed against you, O Crusaders. You will lose. Verily by the glory of the Lord, you will lose.

We achieved the day where we declared friendship and enmity, broke the idols, shouted out tawhid in all the mosques, the streets and everywhere else, stoned the adulterers to death, killed the sorcerers, cut the hands off the thieves, flogged the alcohol drinkers, and returned the Muslim women to their chastity with their headscarves.

We achieved the day where we broke the ballot boxes, we have appointed a caliph through ammunition boxes and cutting off necks, we pray, give alms, command good and keep from evil.

17 ISTANBUL

KONSTANTINIV

After the hit and run battle between the Pentagon and the mujahedeen took back Ayn al-Islam (Kobani) or Zummar we've earned the day where they counted it a victory. The mujahedeen left that place four months after 70% of your aircrafts and battle ships and your power's exhaustion in ruined and destroyed.

Congratulations on this success of yours Pentagon! May the Crusaders enjoy with the rubble left in Kobani and Zummar.

We've earned the day where you've recruited tens of thousands of infidels in order to get into Al-Ajil, al-Alam, al-Dour and some mud huts in the desert. In fact, when you managed to enter into some of them, you counted it as victory!!

We've earned the day where America and Europe started dreaming of taking back some mud houses in Tel Hamis or Tell Abraq or in Al-Adil, or in Al-Jallam.

O Crusaders!

You're playing for Salahaddin, getting greedy for Mosul, dreaming of Sinjar, Huul, or Tikrit or Al-Mayadeen, or Jarabulus, or Al-Karmah or Tell Abyad, or al-Khaimah or Derna or a forest among the forests in Nigeria or take over the huts in the Sina desert, we in the other hand, God willing are going to make your lives fall apart by blowing up your White House, the Big Ben clock tower and the Eiffel Tower, then want Rome, Andulisia and Paris.

We want Kabul, Karachi, Caucasus, Kum, Riyadh and Tehran. We want Baghdad, Damascus, Jerusalem, Cairo, Sana'a, Doha, Abu Dhabi, and Amman; we want the Muslim to return to sovereignty, leadership and commandership.

Here's Dabiq, here's Guta, this is Jerusalem and that is Rome! We are going to enter there. It's not a lie. It's the promise of the loyal and the sanctioned one. We are right here. One day it's you, the other day it's us. The wars are coming!

And the Sunnis in Syria, Iraq, Arabian Peninsula

And Yemen! We have warned you about the murderer Heretics for a long time and what we warned you about happened. We are still warning you.

If they were lying to you yesterday and showing you the soft touch of the snake, they're showing their bared teeth like a dog would and spread their poisons. They have declared Baghdad as the capital of the Safavids Empire with clarity.

They have revealed their spiteful faces that you see in Baghdad, Damascus and Sana'a today. You've seen those faces in Al-Hawla, in Duma, in Baniyas, Kuwait, Bahrain, and in Ihsa (?), Al-Huwaila, in Saadia, Al-Muqdadiyah and Hankin. You are seeing them in Tikrit, Al-Alam, Al-Dur and Al-Buaaji.

The Safavids heretics have entered into a different stage in their war against the Sunnis. They have taken the regions from the Sunnis while thinking they could completely rule these areas.

In the empire they desire, they don't want a single Sunni Muslim there. They don't want a single person who doesn't cuss at our mother Aisha, the mother of believer (may Allah be pleased with her), shame the honor of our prophet. They don't want anyone who says "Allah bless them" when it comes to the companions of the Prophet Muhammad such as Abu Bakr, Omar, Uthman and others. Whoever opposes to this, they kill him/them, loot their homes and properties and capture their women and families.

O Sunnis! The Safavids – Crusader alliance is now clearly evident.

There's Iran, along with the biggest devil, America,

that are dividing the areas and the roles in their war against Islam and the Sunnis... The Crusaders and the Jews were not content with surrendering over Baghdad, Damascus, Beirut, and Sana'a. They later want to deliver Mecca, Medina, Pakistan, Afghanistan, and Indonesia. Yes, Indonesia! I wish you knew.

The Jews and the Crusaders have surrendered all the Muslim countries to filthy Heretics. They couldn't find one whose blasphemy stronger than these ones who create corruption on earth and those who are not only against tawhid but also who fight to spread perversity and polytheism.

What is strange about this war is that the treasonous, collaborator pimps and coward politicians like Al-Nujaifi, Al-Juburi, and Al-Ubaidi are still making promises to the heretics that they would return them to Mosul, Salahuddin and Anbar.

Praise be to Allah!

O Sunnis in Iraq, Syria, Arabian Peninsula, Yemen! Especially the people of Iraq;

The filthy Safavids heretics who are walking towards their graves, whose heads are decapitated, bodies cut into pieces and are slaughtered like animals, are not there to defend you!

The filthy heretics' claims of defense of the Sunnis and claims that they would provide safety and security in their areas are like spiteful Crusaders' promises to defend and protect Islam from deviation and help the oppressed.

O Sunnis! The heretics came to get your homes, lands and your properties. They came to kill your men and take your women prisoners. Iranians came to get revenge from the Iraqis for the 80's.

The heretics came to revenge Hussein (r.a.) whom they killed and for whom they've been wailing loudly and hitting themselves over and over for centuries.

Wake up O Muslims! Sunnis in Iraq, Syria, Arabian Peninsula and Yemen!

O Sunnis in Egypt, Morocco and Africa!

O Sunnis in Afghanistan and India!

O Sunnis in Indonesia, Malaysia, the Philippines, Turkey and Caucasus!

O Sunnis in America, Europe, Canada and Australia!

O the ummah of the Prophet Muhammed, peace be upon him!

We have warned you before and we are still warning you.

The war is a Crusader – Safavids war. It is against Islam, tawhid and the Sunnis.

O Sunnis, if the Islamic State – may Allah protect it – breaks down, you will not have Mecca or Medina!

The heretics would later dig the graves of your Prophet's (p.b.u.h.) companions' graves, starting with the guided caliphs (r.a.)! You would live as slaves, and servants in the hands of the heretics.

Come to your war Muslims!

We are calling you to come from the four corners of the earth and emigrate to your state and to protect her, raise its buildings, accompany it in her rise. We are especially addressing the Muslim brothers in Turkey, Northern Iraq, Kurdish Muslims in Iran.

Come to fight against the infidels, the atheists in your tribe, to prove that our war is a war to fight for religious doctrine, and faith, and not for nationalism or national identity!

Prove that you are righteous!

Prove that Allah is with you!

Prove that Allah is helping you!

Prove it! Verily, by Allah who is the Lord of the heavens and the earth, heretics' blasphemy will not overcome your tawhid! Allah forbid!

Atheist Kurds' blasphemy will not override your sins and disobedience (no matter how much sin you commit, because of their blasphemy they will not outrival you). By Allah, never!

Allah willing, their tergiversation co-conspirators will not prevail our Islam!

The Crusader coalition will not break your faith, God willing!

Forge ahead! Mecca, Media, Jerusalem and Rome are waiting for you.

Advance towards the new Badr, Uhud, and Ahzab (referring to the Ahzab Battle)!

Advance towards the new Mu'tah, Yamama, Yarmouk, Qadisiyyah, and Nahawand!

Advance toward the new Ain Jalut, Sagrajas, and Hattin! Advance towards Dabiq, and Guta!

O soldiers of the Islamic State;

This is the caliphate by Allah's permission. If you want it to be based on prophethood salvation, don't you dare to tyrannize! Don't you dare to self-worship and let your pride take over. Make your intentions based on Allah and renew it constantly. Repent and ask for Allah's forgiveness and say "la havle ve la kuvvete illa billah" (Power and strength is only obtained with the help of Allah, almighty and great). Don't trust in your own power and strength but trust in Allah's power and strength. When you meet the enemy, remember your tawhid and religion and their polytheism and blasphemy. If you do that, you will see how powerful you are and how cowardly they are.

When you meet the enemy, remember this O Mujahedeen:

Remember that you are fighting against people who are idolaters, filthy, against those who are

fighting for humanity, on the path of Ali and Hussein and – according to their claims – on the path of Ahl al- Bayt (prophet Muhammad's family), fighting for Khomeini, Khamenei and Sistani (may Allah's curse be upon them), those who prostrate before graves and circumambulate around them while expecting blessing from the graves, (not with the name of Allah) but swearing in the name of people, expecting help from the dead, expecting the dead to come to their aid and take refuge in them, making offerings and sacrifices to humans (instead of Allah); you're fighting against the heretics who put their trust in man!

If he wanted to get close to Allah – according to his claims – he gets close through adultery. Remember this O Almohad mujahedeen.

While refusing Allah, they put faith in the democracy, secularism, while they become brothers and allies with the idolaters, they turn into enemies with Allah's religion and Allah's provisions, fighting to remove Allah's sharia, making it permissible to (spill) the blood of the Almohad mujahedeen's blood, spending his day with drunkenness, prostitution, dance, singing and various sins and wickedness; remember that you are fighting against an infidel atheist, an evil apostate who is replacing the Holy Koran with music and drums!

When you meet the enemy, remember this O mujahedeen! Remember that you are uniting (tawhid) Allah! Remember that you only trust in Him, you only ask help from Him, you only expect Him to come to your aid and you only take refuge in Him!

Remember that you only prostrate and bow before Him, and remember your prayer and that you bow before Him in submission!

Remember that you fight on His path who is perfect!

You must do this O mujahedeen!

Start resisting against your enemies and start fighting against them! Throw yourselves on them (challenge them). With Allah's permission, they will not be able to persevere against you and won't be able to withstand.

Soldiers of the Islamic State are trying to spread Allah's word to the whole world

O mujahedeen! An ignorant should not assume that the mujahedeen will not lose in any conflict!

Never! War is sometimes in our favor and sometimes to our disadvantage. It's to our favor one day and to theirs on another!

In their fight on the path of Allah, the mujahedeen may lose a city or an area but they are never defeated.

The beautiful end and victory always belong to them in the end.

O soldiers of Caliphate! Be persistent and supplicate for the prophethood salvation to be granted to you.

When the prophethood salvation is granted to you and with Allah's permission it is so, neither America, nor Europe, nor Russia or China or Iran, none of them will be able to withstand before his armies. The Caliphate's soldiers will destroy their thrones. At times it is necessary to have tremors and purification.

My Allah, this is your religion and we are your soldiers. We are fighting on your path. You have made us victorious with your grace, benevolence and favor. We (because of our sins) do not deserve victory, but don't let their heresy win against our tawhid. Don't let our disobediences outweigh their blasphemy. We ask your forgiveness and repent to you, we believe in you and we trust in you. Do not punish us for what the fools amongst us do.

Our Lord, don't make us a test subject for those who deny us. Our Lord, forgive our sins, steady our feet and help us against the community of infidels, give us victory. Mercy O Lord!

O Allah, may your blessings be upon our prophet Muhammed, his family and his companions.

Our last prayer: Praise be to Allah, the Lord of the worlds.

WHO IS CALLED AN APOSTATE?

And whoever of you reverts from his religion to disbelief and dies while he is a disbeliever – for those, their deeds have become worthless in this world and the Hereafter, and those are the companions of Fire, they will abide therein eternally.

[Baqarah, 21]

Apostasy is the name given to a person who consciously abandons Islam after his/her belief in Islam was firm, and then he/she turns towards beliefs, words or actions Sharia accepts as blasphemy.

And whoever of you reverts from his religion to disbelief and dies while he is a disbeliever – for those their deeds have become worthless in this world and the Hereafter, and those are the companion of Fire, they will abide therein eternally. (Baqarah 217)

This term is used for those who was firm in Islam and then abandoned the religion of Islam.

Islamic scholars used this term for those after being in defiance of Islam, committing blasphemy. For example, Ibn Taymiyyah (may Allah's mercy be upon him), he used this term for the Nusayriyah to answer a question that was to him.

Ibn Taymiyyah (may Allah's mercy be upon him);

Is it permissible to wage war against a tribe who are subject of the Nusayriyah sect and then some of them claim to be gods, the other claims to be prophet and some others Mahdi, ordering people to

prostrate (before those) and thus declare their blasphemy in this way, cussing at the companions of the prophet and leaving the obedience of faith and wage war? Can we take their offspring and properties as spoils of war?

Shayk al-Islam answered:

Praise be to Allah. It is permissible to fight them until overpowering them and they submit to the Islamic Sharia. Because, the Nusayriyah are the worst kind of infidels even without becoming subjects of the Antichrist. Imagine what would happen if they were to join the Antichrist. As far as apostasy is concerned, they are the filthiest apostates. Those of them who fight, are to be killed and their properties are taken as the spoils of war... the Nusayriyah don't hide the way they are. On the contrary, it's known by all people what they are. They don't pray five times a day, they don't fast during Ramadan, they don't go to hajj, they don't pay alms, and they don't believe that these are obligatory.

They also accept alcohol and other forbidden items as permissible and see Ali (r.a.) as a deity. (Majmu al-Fatwa Vol: 28 pg: 553-554)

As can be seen, Ibn Taymiyyah (may Allah's mercy be upon him)

despite the fact of these counted blasphemies, he didn't count them as primary infidels, rather called them apostates.

This expression has also been applied to the children and the grandchildren of the apostates by the Islamic scholars.

"According to Hanafi and Shafi'i, if the pregnancy occurred while the parents were Muslim, or while one of them was a Muslim, the child then becomes a Muslim. Even if the parents become apostates later, the beginning of the pregnancy was a time when they were Muslims.

However, if the mother gets pregnant after both parents became apostates, then there's a dispute. Hanafi, Maliki and Hanbali sects decide about apostasy based on the fundamentals and the Shafi'i sec decides based on what is apparent, meaning if the parents are apostates, so is the child. When the individual reaches the age of puberty, he is called to repentance.

According to the Hanbali and Shafi'i, they're accounted as primary infidel and are subject to capitation." (Al-Mawsuat Al-Fiqhiyyah Al-Kuwwatiyah Vol. 22 Pg. 198)

As can be understood from this narration, the four sects' imams have used this concept for the children of the apostates. They have declared that these children would be called to repentance once they reach the age of puberty and those who decline would be subject to the penalties applicable to the apostates. As can be seen, even though the child has never entered into Islam, because the parents were apostates, the sect imams also used this name for the children and if they did not repent, they would also be punished with the apostasy punishment.

Imam Ghazali says the following on the subject:
"Those of whom leaving and denying God's

religion after upholding it are apostates and deniers. These are the ones who never upheld God's religion. (He's talking about the ones who are in defiance of Islam, the tribes that are deviant and unbelieving.) But rather, they were born into this act. In that case, would they reach the primary infidel status?

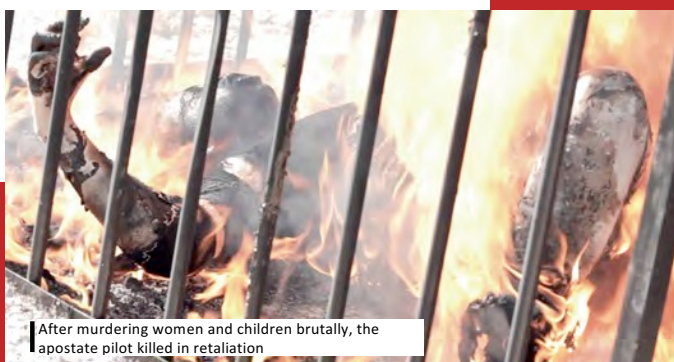

We say that the situation of those who have left their religion and stripped themselves of it is abundantly clear.

However, it's the children of the apostates who are born into this superstitious dogma and hearing this dogma from their apostate fathers. We must assume that their fathers and their fathers' fathers have abandoned this religion and separated. That dogma undoubtedly isn't based on a book or a prophet like the Jews and the Christians. On the contrary, they're the results of the blasphemies those deviant and unbelieving sects got into in recent times. Therefore, the verdict on the unbeliever is the same.

There is no doubt on the verdict of the apostate on the primary issue. But the judicial opinion is stuck at this point: what is the judgement of the children of the apostates? It is said that in the verdict of the apostasy, just like the non-Muslim subjects in the Ottoman Empire and the unbeliever who are being fought against, those children are dependents on their parents. When they reach the age of puberty, they are asked to join Islam. (If they decline), they're killed. They can't decide to pay jizyah (capitation) and can't be taken as concubines.

It is said that on another view, they're primary infidels. If they were born into blasphemy and their fathers were walked on the steps of blasphemy, then they're to pay capitation and can be taken as concubines." (Fadaih Al-Batiniyya vol. 1 Pg. 156)

As it can be seen here clearly, according to the ulama, the rejector heretics' children whose fathers are apostates since they are subject to their fathers just like the son of a Jew is a Jew; accordingly

it is decreed that they are also apostates. To keep the topic short, we are not reciting the other narrations here, and we are satisfied with this information.

On this matter, two points particularly must be taken into consideration.

Firstly, this issue is a matter of jurisprudence.

Secondly, if something is a matter of jurisprudence, the caliph's judicial opinion is above the people's judicial opinion.

The reason Islamic State uses the term apostate for the Nusayri and the Rafida (rejecters), isn't because these people see Islam as permanent. On the contrary, they've never been a Muslim with their blasphemy and polytheism. The reason Islamic State uses this expression for them is because the Islamic scholars in general uses this technical term for these tribes.

Therefore, naming the Rafizi or the other blasphemous tribes apostates aren't called Murji'ah or those without dogma. At the same time, taking the viewpoint that these blasphemous tribes are primary infidels doesn't mean one is being a Kharijite. However, after taking this viewpoint, calling those kuffar (infidel) who object to this viewpoint is where the Kharijite starts.

Therefore, the concept of apostate has first and generally been used in its current definition by the Islamic scholars. When we take a look at the books by the Ulama, it can be seen that the Islamic scholars have used this term for those people who are defiance of Islam and commit blasphemy.

However in recent years, this term has become a good cover in recent years for the Kharijite to use against the ignorant who are not educated common Muslims for their own purposes.

Especially in the videos prepared by the Islamic State, one of the terms that some of the Kharijite emphasize is the term apostasy. It is stated there that the Muslims' Caliph Abu Bakr al-Baghdadi gave the verdict that the Rafizi are

apostates and because of their polytheism they could never enter into this religion and thus they can't be named apostates. (**it is stated in this contradictory manner in the source*) Even though these words may appear as an innocent idea, because of the longstanding morality of the Kharijite, they've called it principal what Allah and his prophet didn't call the principal, and turned this speculative and opinionative issue into a dogma issue and declared the Muslims' managers and the Muslims unjustly as the unbelievers.

However, the point they didn't understand and were ignorant about is that the contradiction about the term apostasy's definition is a long standing one.

The jurisprudence issues that concern the general (public) is subject to the Caliph's judicial opinion and it cannot be opposed.

But, Allah debauches whomever he wills and brings to the right path whomever He wills. Because he does whatever He desires and He can't be questioned.

24 WHO IS CALLED AN APOSTATE?

DESTRUCTION OF THE IDOLS

Praise be to Allah who has no partner, the only one worthy of worship, the Lord of the worlds, peace and blessings be to those who break the idols and belong to His prophet and those who belong to him in this path.

Due to the dominance of false gods over earth, tawhid and almohads are weakened, polytheism nests sprung up, various types of idolatry revived again and spread. One of the first types of polytheism is idol worship which has now entered into an advanced stage as it was in the past and its followers has increased in considerable numbers.

Satan sometimes approaches from the right, appearing to want what is in favor of people and with that tactic; he has managed to bring people into idolatry and blasphemy.

Even the first people Adam and Eve were tricked with this method and caused them to rebel against Allah.

Then I will surely come upon them from before them and from behind them and from their right and from their left and you will not find most of them to be grateful." (Surah al-A'raf, verse 17)

But whispered evil suggestions to them so that he might make known to them what was hidden from them of their shame and said: "Your Lord has only forbidden you this tree, lest you should become angels or such beings as live forever." (Surah A'raf, verse 20)

With this path, most people don't realize their mistake, or even strives to continue on this path and call onto this path.

So have you considered al-Lat and al-'Uzza? (Surah Najm, Verse 19)

An efficient person by the name of Al-Lat would grind the roasted wheat for the pilgrims. After his death, as a result of some people wanting to honor him, he was turned into the biggest idol after a few centuries.

Human nature doesn't accept something right away. Which one of us became a friend of Allah instantly and who became the worst man of the world in an instant? Goodness process as well as process of becoming evil is gradual. Satan wants to gradually reduce people into idolatry, blasphemy and sin. Satan didn't tell people to build a stone and show respect to it or worship it directly. Maybe the process is very slow and very friendly and as a result of a few

centuries long effort, many people on earth fell into this trap and became idolatrous.

The prophet of Allah who was aware of this insidious trap was afraid that he too would be idolized and prayed to his Lord as following:

O Allah, don't turn my grave into a place of worship; God's wrath is exceedingly severe for those tribes who turned the prophets' graves into a place of worship. (Muwatta hadith no: 570)

In fact, when Omar (r.a.) saw people were praying under a tree where the prophet was obeyed to, and they were honoring the tree, he had the tree cut down and has shown the fundamental solution for Satan's game in this regard.

According to Aisha's (r.a.) narration, when Umm Salamah r.a. told about a church she's seen in Ethiopia and the paintings within to our Prophet, the Prophet of Allah (peace be upon him) replied:

"When a righteous man died among them, they would build a mosque on top of his grave and they would draw pictures there. These are the most evil creatures before Allah."

(Bukhari hadith no: 434, Muslim Hadith no: 528)

Just as Allah (may his glory be glorified) bestowed the honor of breaking idols to Ibrahim (p.b.u.h) and Muhammed, he bestowed the opportunity to break the idols as well.

Again, the Prophet of Allah (peace be upon him) said at another place:

"May Allah damn the Jews and the Christians. Because, they turn the graves of their prophets into places of worship. (Bukhari Hadith no: 435, Muslim hadith no: 531)

Ibn Taymiyyah rhm says the following in this regard:

Islamic scholars have said that building places of worship over the graves are forbidden and that all mosques built for this purpose are to be demolished. (Majmu al Fatawa vol. 17 pg. 463)

Ibn Qayyim said the following:

After attaining the power for destruction or annihilation, it is not permitted even one day for the idols and false gods to be left alone. Because, these are the greatest of all the idolatry and are the slogans of polytheism and it is the biggest among all the forbidden. When you have the power to destroy them, it is not permitted to leave those stones standing that were built upon the grave and turned into idols to visit, false gods which are worshipped outside of Allah, stones which are kissed, made holy, paid homage and given offerings and donations. Most of them are at the level of Lat, Uzza and the third of them is at the level of Manat. A bigger idolatry is committed next to them or with them. (Zadul mead Vol. 3 pg. 443)

The houses of idols built atop the graves of people those sectarians thought to be virtuous, are not strangers to us. Whatever was the purpose of the first idol, the excuses and the logic of the current ones are the same. Because the teacher of both is the same:

the Satan. If we were to tell the grave lovers to not to sanctify the grave and the person virtuous they deem virtuous, they would say that they weren't worshipping and those aren't idols. Did you ever think why the idol worshippers of the past have worshipped those idols? Were they just worshipping a dry rock or paying homage to a stone? Or were they saying that the people they deemed virtuous, had souls and that was getting them closer to Allah?

And those who take protectors besides Him say, "We only worship them that they may bring us nearer to Allah in position." (Surah Zumar Verse 3)

As can be understood from this verse, the idol worshippers deny that they are worshipping an idol and that it is an intermediary between them and Allah. Today, the words spoken by these idolaters who put the people whom they assume virtuous between them and Allah are very similar to the words that had been said polytheists of old days.

As can be seen, making an individual who is assumed to be virtuous, putting that person between himself and Allah as an intermediary, is a common thought and purpose of both idol worshipping tribes, meaning the current ones and the former idolaters.

That era's idols have been demolished by the glorious and almighty Allah through the prophet and virtuous people of that era.

Allah who had chosen Abraham to break the idols in the past, has chosen the mujahideen of the Islamic State today. With Allah's greatness, these idols and idol houses have been destroyed one by one. We are giving the good tidings to the other idol houses of the same aftermath.

Breaking the idols was the job and duty of all prophets.

In fact, Abraham (p.b.u.h.) said:

"And, by Allah, I will certainly plan against your idols after you go away turning your backs!" (Surah Anbiya, Verse 57)

In the same manner Moses (p.b.u.h.) said:
(Moses (p.b.u.h.) to Samiri) And look at your 'god'
to which you remain devoted. We will surely burn it
and blow it into the sea with a blast. (Surah Taha,
Verse 97)

Prophet of Allah (p.b.u.h.) said the following on the
topic:

My Lord has sent me to deliver his message, break
the idols and to show him as single God without
assigning a partner to him. (Muslim Hadith 832)

The companions of the messenger of Allah also
maintained the same rigor in this matter.

Ali r.a. Abu Hayyan al-Asadiya said the following:
"I'm sending you with the same thing as the
messenger of Allah has sent me: You will erase all
the effigies and destroy all the graves that are paid
homage."

The Islamic State which follows the path of the
Prophet has in fact destroyed the idols established
atop graves even when it was first established as
Iraqi Islamic State with the help of the glorious and
almighty Allah. When the perverse communities
such as Al-Qaeda or the Taliban allowed these,
Islamic State did not allow them. It has starting
destroying them since the first day.

In order to protect these idols, Satan has shown
these to be sweet and inspired them to preserve
these idols in the most beautiful places. He has
aimed the sublimation of these with such covers as
historical monuments or civilization. When the
Islamic State was destroying these historical works
(idols), we have witnessed the Satan's servants
bawling on televisions as they wept. Some of these
idols that were so valuable for them have claimed
divinity in the past, in fact argued with the prophet
of Allah.

Have you not considered the one who argued with
Abraham about his Lord merely because Allah had
given him kingship? When Abraham said, "My Lord
is the one who gives life and causes death," he
said, "I give life and cause death." Abraham said,
"Indeed, Allah brings up the sun from the east, so
bring it up from the west." So the disbeliever was
overwhelmed by astonishment, and Allah does not
guide the wrongdoing people. (Baqarah 258)

EMIGRATION (HEGIRA)

Praise be to Allah, peace and blessings to the lord of the emigrants, Prophet Muhammed (p.b.u.h) and those who are subject to this benevolent path.

Emigration (hegira) in truth is leaving one status and transfer into another status. Hegira is abandoning ignorance for knowledge, abandoning idolatry and blasphemy for tawhid, abandoning an idolatrous society for the Islamic society. It is abandoning sin for virtue, leaving a useless area for a useful area, leaving the land of idolatry for the land of Islam, emigrating from a place that commits a lot of sins to a place with less sin.

Hegira is escaping the land of humiliation to the land of glory, leaving the false gods system to the sharia system, escaping the infidels to be with the Muslims.

The most important factor of the hegira, the sole purpose of the price you pay is to gain Allah's acceptance. Otherwise, the emigration done for the purpose of worldly gains is not called hegira.

Hegira demands a price, patience for the hardship, requires you to leave the places and people you are used to and go to places you don't know just by trusting in Allah, in fact it may require you to leave your property and your relatives, if necessary your wife and children. It is leaving the life of luxury for a new life, leaving your established setup for a new setting, leaving your saved capital and earnings to a new settlement for the purpose of gaining Allah's acceptance.

Emigrants (muhajir) are always on the move. They never leave the invitation and jihad fields. When he's weakened he moves to a place where he can strengthen, when he is in passivity, he moves to a place where he can be active, when he's in unproductive areas, he moves to a fruitful place.

In fact, this path is the path of the prophets and the way of the righteous predecessors who follow them in this holy path. When Prophet Abraham realized that the society he lived in didn't properly worship and he couldn't invite, he said, "I'm emigrating to my Lord, he's glorious and the ruler," and emigrated to Damascus soils just to please his Lord.

I have heard the Prophet of Allah (p.b.u.h.) order the following to Abdullah ibn Omar: There will certainly be hegira after the hegira; the people will turn towards Prophet Abraham's place of emigration (Damascus) and they will gather there. There will only be left the worst of the mankind on earth. Their places will throw them, Allah's soul will not like them and will stay away from them; he will gather them within fire, monkeys and pigs and drive them away, when they spend the night, this fire will stay with them, when they go to rest at noon, the fire will rest with them, and will eat who is left behind them.(1)

Imam Ahmed narrates this hadith as following:

There will be a hegira after the hegira. The good people of earth will take refuge in Prophet Abraham's place of refuge (Damascus). There will only be left the worst of the mankind on earth. Their places will throw them, Allah's soul will not like them and will stay away from them; he will gather them within fire, monkeys and pigs and drive them away.(2)

Imam Bayhaqi said the following in the commentary of this hadith:

When Abu Suleiman al-Chattabi indicated that the Prophet said "there will be a hegira after the hegira", he meant that second hegira place is Damascus. He is encouraging to immigrate to the place where Prophet Abraham emigrated. "The purpose of the expression of "Allah's soul will not like them" is that the glorious and almighty Allah

will not want them to remain emigrated in Damascus and he will not succeed them in this matter. This sounds similar to what the glorious and almighty Allah said, "But Allah found their behavior ugly and kept them behind; said to them "Stay with those who stay (women and children)." (3) (4)

Allah's Sunnah has taken place on earth once again. The false gods have increased their pressure and torture in this century as it has always been to those who say Allah is our Lord. The Almohad have persevered with Allah's grace. The glorious and almighty Allah opened the doors of hegira to them. He opened the doors of one of the most benevolent destinations of our century to the Almohad as he had opened them to Prophet Abraham.

Allah has promised those who have believed among you and done righteous deeds that He will surely grant them succession [to authority] upon the earth just as He granted it to those before them and that He will surely establish for them [therein] their religion which He has preferred for them and that He will surely substitute for them, after their fear, security, [for] they worship Me, not associating anything with Me. 5 - Surat An-Nur, Verse 55

Muslims, without associating anything with Allah, they became a subject of Allah's religion and the glorious and almighty Allah kept his promise and made the Muslims dominant over the earth. He turned their fears into security. He gave them the opportunity to live the religion He consented.

Yes, O Muslims!

O Almohades!

O brother who is longing for the Islamic State and working day and night for that! Allah granted you the state as a reward of your sincere work. Why are you still willing to live with false gods in foreign countries? Wasn't it you who wanted Allah's sharia? Wasn't it you who wanted caliphate and the caliph? Weren't you saying how Muslims should unite every time? Yes, Allah bestowed this upon you and accepted your prayers.

What are you still waiting for; why aren't you coming to Allah's ruling, next to your Almohad brothers? Or are the idolaters, Allah forbid, sweeter for you? Does it make you happy to remain with the unbelievers?

Did you know that the Prophet of Allah peace be upon him ordered the following?

"I stay away from the Muslims who reside among the idolaters." He was asked, 'O Prophet of Allah, why?' "(Muslims' and idolaters') "Fire should not see one another", he responded. (6)

Again, he said in this regard: "Whoever gets together and lives with an idolater, he is one of them." (7)

When we have our own country, why should we live in a foreign country, when we have our own home, why should we remain a guest, when there are Muslims why should we live with the idolaters? When there is the opportunity to see your brother every morning in greeting, why should we sour our faces with our enemy? When there is an opportunity to do good deeds in the land of Islam, why should I be forced to sin?

Yes, my brothers, this is the time of test. The date to separate the liars from the faithful is this date. This is the period where the hypocrites and those who are sincere are separated. This is the time when the mask of the hypocrites fall. This is the time the blessed of the earth get together and the evils remain behind...

YARMOUK CAMP

TESTIMONY OF A YOUNG GIRL FROM THE YARMOUK REFUGEE CAMP ABOUT THE ISLAMIC STATE

Thank you Islamic State, I'm a daughter of Damascus and I will not be afraid, no matter what happens, even if the men are afraid to talk, I will tell you what happens in the (Yarmouk) camp.

We have heard the wild scrimmaging, we thought the regime was attacking the camp, but we were told that ISID was attacking. They said, "o camp inhabitants, they're going to slaughter you, they're Israel and regime agents, run away from your home, we can't fight with them, there are too many of them."

We were so afraid that we couldn't run away and for that reason we hid at home, we were crying, my mother was praying and asking Allah to protect us.

A little while after the scrimmaging, we were watching behind the windows; we saw vehicles with black flags, and a lot of men with black clothes, with long beards and hair who had a lot of weapons. It was scary but they were saying: "Are there any families here?" We thought they were going to slaughter us; our neighbor sheikh (meaning an imam or an elderly man) went and spoke to them. They gave him a box; he (the sheikh) kissed them on their heads and started showing them the way, showing them which homes had families. We were scared; we thought he (the neighbor) was an agent and that he was sending them to slaughter us. They came into our building, we all put our prayer scarves on and we grabbed the kitchen knives to protect ourselves if

they were to enter into the house forcefully. It was very hard. After a short hesitation, my mother opened the door; she was so scared and we were listening, hidden.

They greeted us and asked if there was a man they could talk to at home. My mother said there wasn't, then they said to her (mother): "O mother, we are your sons from the Islamic State, we came here to help you and save you from the traitors, here is a box of canned food and other food and this bag".

My mother told them: "I sold most of my furniture, my jewelry, my daughters' jewelry to FSA in order to purchase some food for my daughters, we're just fed with water and spices and waiting for death. The sofa and our pajamas are over there, if you want... Because, I have no money or jewelry (ornaments) to purchase this food."

When my mother finished her talk, we have heard sounds of crying, we tried to look from under the door but we saw that those big guys that we were scared of, were crying. We were ashamed.

When their crying stopped, they said, "O mother, we don't want anything from you, we are the Islamic State. We came to give glory to the Muslim, we came to help and serve them; we didn't come to use or kill them. If you need something, medicine, baby formula, we'll bring them to you."

We thought we were dreaming, we couldn't believe it, my mother was crying and was praying for them, we too were crying, I don't know why. Maybe it was because the regime killed Islam in our town and Islamic State came to free the town and bring Islam back to life, maybe because of this seldom seen morality, maybe because the regime and the world killed humanity around us and the humans had no value in the camp or maybe Allah sent the Islamic State to us from death which was a matter of time.

For the last two years, it's the first time someone's knocking on our door and giving us food, asking us politely if we need anything.

The nobility of the men of the Islamic State reminded me of the people of Homs who in the beginning came to us with food, clothes and look for a place for us to stay.

But now, after what happened in the camp and after thieves and regime agents turning into rebels (dissidents), I say that may Allah give victory to the Islamic State and whoever opposes it may be disgraced and defeated.

We were angry because only 5 minutes after the Islamic State's men left us, the regime helicopters attacked them with explosive barrel and destroyed the region, our building shook and it was about to collapse, but thanks to Allah, the men of the Islamic State left without anything happening to them, maybe one of them was wounded. They continued their tour.

May Allah overcome you o oppressors! If it is ISID that you warned and scared us about, I, my sisters and my mother are ISID and in the near future, every honest Syrian who meets ISIS will become ISID.

Brotherhood between the Ansar and the Emigrants is a Sunnah left by the Prophet.

FOLLOWERS OF SUNNAH COMMUNITY FOR INVITATION and JIHAD

Praise be to Allah, Lord of the worlds, peace and mercy be to his messenger who was sent with a sword as a blessing and to those who are on this path.

emigrated and traveled to many places. He

The founder of the community is Imam Abu Yusuf Muhammad Bin Yusuf Bin Muhammed Bin Ahmed Ad-Daghiri Al-Badawi-Al-Barnawi. The imam belonged to the Bernu tribe who before his martyrdom had four wives and 21 children. He was born in the city of Yubi in 1968 in Gregorian calendar and in 1388 in the hegira calendar. He was martyred by the false gods when he was around 40 years of age.

The imam has fulfilled his hajj and umrah task for three times. The imam was very fond of the poor; the poor and the disparate had a special place with him. The imam knew the Koran by memory and he would read Koran often; he would especially spend the month of Ramadan with prayer and reading Koran. He would not only read the Koran but also apply it to his life.

The imam was curious about knowledge since childhood and before he turned 12 years old, he memorized the entire Koran with the help of his

dedicated most of his time to studying and spreading knowledge. He wrote and distributed a lot of treatises on especially the topics of Islamic Jurisprudence and jihad. In different cities, he started a number of knowledge centers and madrassas. Among these are "Madrasat Salafiyya", "Abu Huraira", "Ubade ibn Samit", "Taifetul Mansurah", and "Ibn Taymiyyah" knowledge centers take the lead. Students from various places in

The imam would invite people to the followers of Sunnah doctrine, and would try to avoid the century's diseases creed of Murji'ah.

DAVET ve CİHAD İÇİN EHL-İ SÜNNET CEMAATI

In order to spread the virtuous doctrine, this Salafi has travel to all of the cities in northern Nigeria and some of the cities in the south and invited the public to this doctrine.

The false gods and their minions who were bothered by the publications of the inviter, started preventing him and persecuting him. When despite all the hardship, the imam continued to teach, the false gods destroyed the "Ibn Taymiyyah" knowledge center and killed all the students within. As a result of the four days long conflict, the false gods' soldiers took the imam as a hostage on the evening of the fourth day. The next morning after taking him hostage, they martyred the imam on 8 Shaban 1430, Thursday (July 30th, 2009)

Abu Yusuf Muhammad aimed to spread the Followers of Sunnah for Invitation and Jihad doctrine starting with Nigeria then first to African and finally all over the world.

While the community rejects all the false gods' system which were established to enslave the people to them and the community uses the Boko Haram name since they were opposed to the most striking educational system.

The word Boko comes from the English word "book". It is used in the Hausa language's Latin letters version; the language belongs to the Afro Asiatic language group which is normally is written in Arabic letters.

Essentially, the community rejects not just education but all false gods' system and stands against it. They reject all of the false gods' systems from voting to sending children to school, from military service to the judicial system. The attack on the false gods' schools by the community, the declaration by Abu Yusuf Muhammad that they don't accept the western education system in his statement to BBC and the way false gods give a lot of importance to it, the community was named as such.

The community rejects the scientific education.

The community realized that the false gods wanted to make servants out of people for themselves with the filthy educational system, they stood against it since the first day and they didn't send their own children to their schools. The small brained ones who wanted to combine their own educational system with science, emphasized that the community was against that and wanted to discredit the community for it.

The one criterion according to the westerners, the only method was their own method. But the community stayed away from this and educated their children with scientific and religious methods that are in compliance with the Sunnah. But the false gods declared that the community was especially against education and science and aimed to discredit the community.

In the beginning, this community was only an invitation community, who was preparing its followers to jihad constantly. In fact, after it reached a certain level of power, it started its first armed action in 2004. After that date, it has done a lot of large and small armed actions. By killing 11 Nigerian officers in 2007, it took its place on the media. By attacking the police stations and military outposts, it has often been talked about continuously.

The Nigerian government attacked to one of the knowledge centers where the community's leader was also there in 2009. A large number of students have been martyred and after capturing the imam, he was also martyred. After this year, Abu Bakar Shekau.

Abu Bakar Shekau was born in the "Shekau" village near the Nigerian border. He has been educated in Islam, tawhid and sharia knowledge well and because of his superiority on these, his friends nicknamed him as the "Land of Tawhid". Starting with Arabic, he speaks Husa, Fulani, Kaluni and several other languages fluently. He is on the forefront by often going into seclusion, providing security very well, his brutal and intelligent personality.

Abu Bakar Shekau who became the leader of the community sped up his armed actions and in 2011 he attacked the United Nations building killing tens of infidels.

The community killed hundreds of infidels in 2011 through various armed actions and it has captured the worldwide media attention by kidnapping 300 high school students in 2014. When the leader said that he was going to take the kidnapped girls as concubines and sell them in the market, he made fun of the world. The same day, United States sent delegation that consisted of soldiers and civilians specialized in hostage negotiations. England, France and China became one of the first countries that offered to help. Despite that, the Nigerian government who lied to the public numerous times couldn't manage to rescue the hostages and has shown its weakness.

The community sped up its armed actions in 2013, wore military uniforms in the city of Borno located in the northeast of the country and killed nearly 100 soldiers.

On April 22, 2013, in an armed conflict between the community and the Nigerian soldiers, nearly 200 soldiers have been killed. Other than that, numerous big and small several armed attacks have been carried out.

The community fights the idolatrous countries such as United Nigeria, Niger, Chad and Cameroon on its own.

The community leader Abu Bakar Shekau, by declaring its allegiance to the Islamic State in

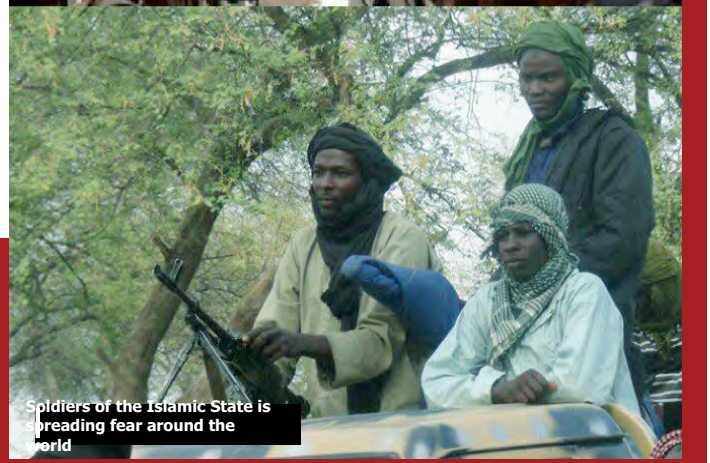

2015, has shown that Islamic State now expands into Africa. The official spokesman of the Islamic State Sheikh Abu Muhammed Adnani, declared the acceptance of a new province in Africa and this community's allegiance and announced it to the world with the following words:

"We are giving you the good tidings of Caliphate expanding into Africa. The Caliph (may Allah protect him) has accepted the Followers of Sunnah for Invitation and Jihad's allegiance. We congratulate the Muslims and our brothers in West Africa for their allegiance; congratulate them for joining into the Caliphate procession.

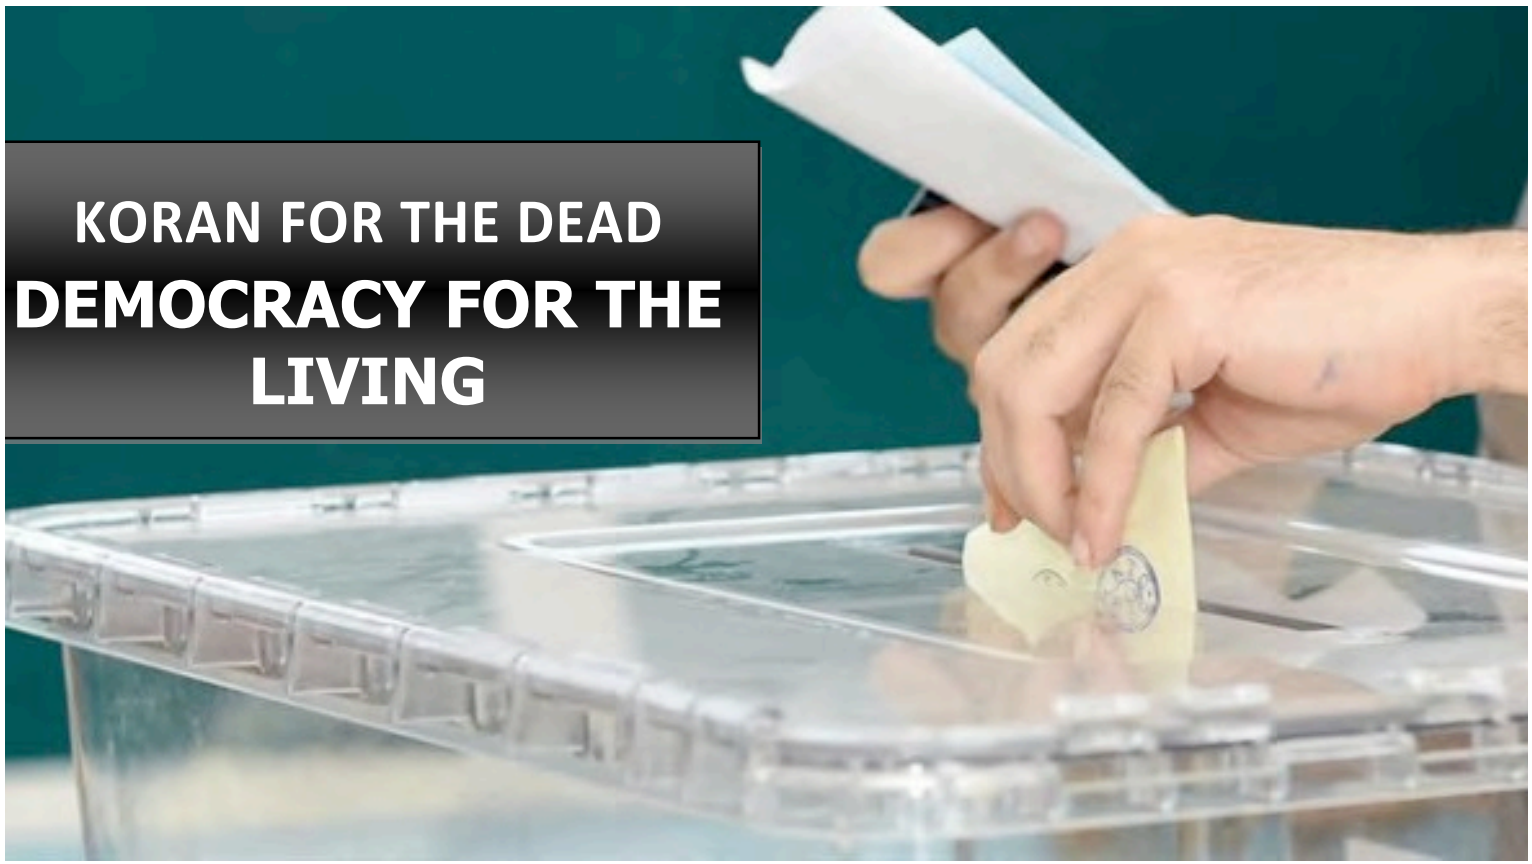

REJOICE O MUSLIMS!

This is a new door for you to immigrate into the Islam's country and to wage jihad. Those of you who find it impossible to be able to travel to Iraq, Syria, Yemen, the Arabian Peninsula or Khorasan because the false gods prevent you from doing so, it is not impossible for you to emigrate into Africa.

Come o Muslims, come to your invitation! We are inviting you, especially those inviters and the knowledge students to wage jihad. We are inviting and encouraging you to emigrate to West Africa."

KORAN FOR THE DEAD DEMOCRACY FOR THE LIVING

Praise be to Allah who created the worlds in his own wisdom and set them up with his laws, blessings and greetings be upon his messenger, family, companions and to all almohads.

The glorious and almighty Allah created the people to worship him and praise his oneness without any shirk.

And I did not create the jinn and the mankind except to worship Me. (Dharyat 56)

Worshipping Allah means, praying to Allah. Worshipping him means obeying him. Each property and authority owner, designates the rules and administration as he wishes. After creating the people, the glorious and almighty Allah didn't leave them unattended; he was going to introduce himself to them, explain how to worship him and sent to them messengers conveying his wishes. The messengers in every period has conveyed our glorious Lord's laws and rules.

And We certainly sent into every nation a messenger, saying, "Worship Allah and avoid Taghut." And among them were those whom Allah guided, and among them were those upon whom error was deservedly decreed. So proceed through the earth and observe how the end of the deniers was. (Nahl 36)

Each individual who considers himself a servant of Allah, must obey what's been brought by these messengers and must apply all these rules into life as much as possible.

False gods attacked the Muslims by leaving them ignorant of their own religion and started directing them as they wished. These false gods who mostly tried to make them into the servants of the world instead of Allah, had them accept the religion understanding of their choice by force. It came to such a point that these false gods who are the primary enemies of Islam became the authority to introduce us to our religion, define its perimeters, did religious interpretation and started telling our religious history.

Because the false gods were in charge of the Muslims for a long time, and used every trick in the bag to deceive the Muslims, they managed to succeed to a certain degree. It came to such a point that the majority of those who identified themselves a Muslim were idolaters. Since they were in charge of this Islamic section, they started playing any game they wanted on them, and started using them as they wished.

One of the aspects these false gods deceive Muslims is the adjudication issue.

They made the Muslims accept whichever provision they wanted and made them give up whichever they wanted. After a long while, the public started accepting this and started living accordingly.

These false gods made (them) forget the Koran and its judgements, and implemented the religious understanding they desired. They made them memorize that Koran, a life and law book, and it was taught as a book to be read over the dead. Even though they've not openly said that the Koran couldn't be read to the living, they've instilled this notion into the minds. They made up things like 'we can't understand Koran, who are we to understand Koran, each word has thousands of meaning' etc. exaggerated words have made people distance themselves from understanding the Koran. They have finally managed to make the Koran into a dead man's book. In fact, the pagan people came to such a point that they started seeing the almohads who were against this as ungodly and perverse.

And we did not give Prophet Muhammad, knowledge of poetry, nor is it befitting for him. It is not but a message and a clear Koran to warn whoever is alive and justify the word against the disbelievers. (Surah Yasin 69-70)

When Koran is allocated to the dead, they offered the democracy to the living. Since a Koran isolated from their judgements couldn't cover the entire life, they have created a system to fill that void. This concept was quite ornate in the exterior was a very ideal option for this job. This phenomenon did not look that opposite to Islam in the exterior and was filled with principles that made them forget Islam.

Yes, the false gods have taken away so much from this ummah and made them forget a lot and changed many concepts and took away beautiful features of Allah and used them for themselves.

One of the most important issues that the false gods usurped and deceived the public is our Lord who created the worlds, rules. When the glorious and almighty Allah would rule the people, the false gods took the beautiful qualifications of Allah and gave them to themselves. Anyone who gives themselves a quality of the glorious and almighty Allah is an idolater. The glorious and almighty Allah is the creator of the universe and the ruler, as well as prudent and the rule maker among the people He created. One of his names is al Hakim. Meaning one who rules...

Unquestionably, His is the creation and the command; blessed is Allah, Lord of the Worlds! (A'raf 54)

Say, "O Allah, Creator of the heavens and the earth, Knower of the unseen and the witnessed, You will judge between your servants concerning that over which they used to differ." (Zumar 46)

He shares not his legislation with anyone. (Kahf 26)

Our almighty Lord, talks about his own dominance in hundreds of verse in Koran (Yusuf 40), he says that those who places provisions over his provisions are idolaters (Nisa 60), those who do not deny these idolaters cannot be a believer (Baqarah 256) the purpose of all the prophets that he sent was

to distance people from these idolaters (Nahl 36), people who rule those with rules outside of what has been revealed are infidels (Maida 44), only the hypocrites turn away from his provisions (Nisa 61),

He does not accept any partner in his judgement (Kahf 26), those who have ordained claimed deity and partnership with Allah (Shuraa 21), even if he claims to believe, when a different verdict is demanded, he is defined as one who supposed he believes. (Nisa 60, 65).

Beyond all of that, he mentions his two names that shows his authority to rule. One of them is al-Hakim the other is al Hekim.

The authority to rule of the glorious and almighty Allah is one of the clearest and the most important topics. Neglecting this topic means neglecting the religion.

When Islam was completely clear and obvious on this topic, the false gods of our century were displeased with Allah's rules and wanted to implement their own rules.

They fulfilled what they wanted in this manner, and played various games on public who thought of themselves as Muslim and deceived them by making them believe Islam was compatible with democracy and in fact democracy was a part of Islam.

The false gods of our century, removed some of the laws of Allah on earth and replaced them with their own. They presented this to the public with a cover under the names of democracy, election, and party. By saying that the real ruler was the public, they've engraved the biggest sacrilege. Sovereignty unconditionally belongs to the nation. Yet this principle has been talked about in the glorious and almighty Allah's book in the following terms: Legislation is not but for Allah (Yusuf 40)

In the democratic systems, deputies are elected to represent the public for government administration and after getting proxy, these elected officials make laws on behalf of the public and govern them. These proxies ask for a general proxy from the public within its full meaning. With the proxy they receive, they govern the public without any regard to the Islamic rule. The authority these representatives receive from the public is Allah's governing authority, meaning his authority of divinity.

Their body languages say this to the public: Let everyone choose a deity they want. That chosen deity has no restrictions on anything, and has full authority to make laws in any topic he wants. The public representatives could essentially get together and say that 'we are prohibiting you in

believing in Allah and they have the authority to say that.

There is no binding or limitation for them on any topic. They keep the dominion and sovereignty unconditionally in their hands. However, giving the legislative authority to someone other than Allah is blasphemy.

And whoever does not judge by what Allah has revealed - then it is those who are the disbelievers. (Surat al-Maidah, verse 44)

Another matter of democracy is voting; choosing the one who can make laws outside of Allah. The democrats ask from their voters to choose the best person who could set provisions. Every voting voter is choosing someone who can make laws and provisions on his behalf.

It isn't important for them even if these laws are against Allah's laws. In fact, they make sure that they are outside of Allah's laws. When they're talking about a law closer to Allah's law, you can witness all kinds of filth by them and hear their ugly speeches which are extremely insulting the glorious and the almighty Allah.

They don't want to see the glorious and almighty Allah's laws in the administration and in any institution. They don't allow anyone to become partners to their idols. They don't especially want Allah (c.c.) to be the partner to their gods. They expressed this topic as the following in the Constitution.

MADDE 24- No one shall be allowed to exploit or abuse religion or religious feelings, or things held sacred by religion, in any manner whatsoever, for the purpose of personal or political influence, or for even partially basing the fundamental, social, economic, political, and legal order of the State on religious tenets.

Each voter knows this for sure: the MP chosen has the absolute right to legislate laws. Even if the elected MP's doesn't make an anti-Islamic law, this authority they demand is the absolute lawmaking authority which in itself is a blasphemy in itself.

Saying that 'I accept your authority to make laws and give direction to my life is one of the biggest blasphemies.

This election issue used in many countries in the current century, is a blasphemy for having the authority to govern since it corresponds with Allah's authority to rule.

In regards to Allah's sovereignty, being ignorant of the provisions mean, not knowing Allah's sharia and provisions are necessary or that the provisions sent by Allah are optional.

Whereas, the glorious and almighty Allah has sent prophets only to be obeyed.

And We did not send any messenger except to be obeyed by permission of Allah... (Nisa 64)

It is not for a believing man or a believing woman, when Allah and His Messenger have decided a matter, that they should [thereafter] have any choice about their affair. And whoever disobeys Allah and His Messenger has certainly strayed into clear error. (Ahzab 36)

There is only one case for all the prophets that were sent by the almighty Allah. That is obeying the supreme Allah. This is such an important topic that negligence this matter, means neglecting religion. Negligence of the entire religion means not entering into that religion. This matter is such an important issue that ignorance is unacceptable on this matter.

And We certainly sent into every nation a messenger saying, "Worship Allah and avoid Taghut"... (Nahl 36)

An individual who considers himself a Muslim must give the legislative and lawmaking authority to Allah and must not find a partner to Allah. We must not choose a false god among the false gods and not vote within a system they've created; we must let the sharia that was chosen for us by our Lord dominate our lives. Islamic State made Allah's sharia rule in all the lands it governs and declared war against all the idolatry systems. A servant who wants to please his Lord must stay away from democracy and similar idolatry systems and from the false gods who pushes them to the public and must let their Lord's laws and provisions dominate life.

There is a great interest in the Islamic books in France after the attack...

After the attack on the Charlie Hebdo Magazine for containing insulting cartoons of the Prophet of Allah, the sale of the Islamic books has increased. In fact, the Islamic book sales the first quarter of this year was 3 times as much for the same period last year.

After exacting revenge on behalf of the Prophet of Allah (p.b.u.h.) last year in January, many French people started showing a lot of effort to understand the Islamic culture.

According to a study conducted in 30 largest bookstores in France, the Islamic book sales in the first quarter of this year is 3 times as much as 2014 for the same period.

Fabrice Garchil, the general director of Velozovi Magazine said: "French people were unsatisfied with the superficial responses given on the media, and they started asking questions." The Velozovi magazine's last issue with the title of "Koran" has been sold out in the magazine stands in Paris.

EDUCATION IN ISLAMIC STATE

Children’s and the youth’s education is particularly important in the Islamic State. In every province, education is provided after the age of three or four for every age group. It educates the children of the public it governs and the mujahedeen’s children with a curriculum framework based on the Islamic and other worldly knowledge. Away from the false gods’ idolatrous education and provides a clean disposition generations are raised in these schools. Praise be to Allah...

A silhouette of a soldier in full combat gear, including a helmet and a rifle, stands against a bright orange and yellow sunset sky. The soldier is positioned on the left side of the frame, looking towards the right. The background shows a hazy horizon with some distant structures or hills. The overall mood is somber and contemplative.

There will certainly be hegira after the hegira; the people will turn towards Prophet Abraham's place of emigration (Damascus) and they will gather there. There will only be left the worst of the mankind on earth. Their places will throw them, Allah's soul will not like them and will stay away from them; he will gather them within fire, monkeys and pigs and drive them away.
