( شرط المجاهدين لإطلاق سراح الفرنسيين )  
( The Demands of the Mujahideen for the Release of the  
French hostages )

للشيخ المجاهد / أبي مصعب عبد الودود حفظه الله  
The Mujahid Sheikh / Abu Musa'b Abd Al Wadood May  
Allah Protect Him

In the name of Allah, the Most Kind, the Most Merciful.

All praise be to Allah, all praise be to Allah alone, He who gave victory to His worshipper, and His soldiers, and defeated the confederates by His power alone.

I give this short message to the French people in general, and to the French government in particular, and I ask Allah to give me Guidance.

It has been two months since we captured seven foreign nationals, of which five are French citizens. They were captured by one of our brigades that are active in the vast desert region. No doubt you have heard the audio message addressed to you by our respected sheikh, our revered Amir, the lion of Islam: Abu Abdullah / Osama bin Laden, may Allah protect him, to the French people, which is related to the captives.

That message has clearly outlined the dimensions of our war against you, and made the security equation between us obvious to all: "you will not enjoy safety anywhere on Allah's earth until we enjoy it as practical reality in Palestine, Afghanistan, Iraq, Somalia, the Islamic Magrib and elsewhere, and unless you stop your interventions in our affairs, and your oppression against our Muslim nation"

And so, should you wish for your captured citizens to be safe, then you must hasten to withdraw your soldiers from Afghanistan, in accordance with a specific timetable that you formally declare. Should you refuse, then you will have to bear responsibility in front of your people. And you should also hear this: all future negotiations involving this case can only be carried out by our Sheikh Osama bin Laden, may Allah protect him, in accordance with his conditions.

This has been a warning, and the one who warns is excused, and peace be upon those who follow the Guidance.
